

MERKLEY PARK - KARINA LEBLANC FIELD

OPEN HOUSE - JUNE 8, 2017

WELCOME

Project Description

Merkley Park was developed in 1980 as a community level active sports park with soccer fields and baseball diamonds. This proposed 2017 capital improvement project includes a new park access, additional parking and a new lit synthetic turf field to replace the existing lit, gravel all-weather field.

This proposed field is to be named after Olympian and soccer star, Karina LeBlanc who attended high school at MRSS and trained on the gravel all-weather field.

Please review the presentation boards, ask any questions of the parks staff and fill out a comment form.
Thank you for attending the Merkley Park All-Weather Field Re-development Open House.
