Maple Ridge Regional Context Statement

MEETING DATE: October 7, 2013
FILE NO: 2013-061-CP
MEETING: C of W

EXECUTIVE SUMMARY:

Council has been presented three reports since October 2012 (Oct. 15, 2012, March 18, 2013 and June 17, 2013) on the process for amending the current Regional Context Statement, the required consultation during the preparation or amendment to an Official Community Plan (Section 879 of the *Local Government Act*) and the draft Regional Context Statement. On July 23, 2013, Council gave First Reading to Official Community Plan Amending Bylaw No. 7002-2013.

The *Local Government Act*, Part 26, Section 866 requires that where a regional growth strategy is in effect for all or part of the same area where a municipal Official Community Plan is in effect, the Official Community Plan must include a Regional Context Statement that is accepted by the board of the regional district. The Regional Context Statement must specifically identify the relationship between the Regional Growth Strategy (RGS) and the municipal Official Community Plan and, if applicable, identify how the OCP is to be made consistent with the RGS over time. The RGS identifies that the RCS is generally consistent with the RGS goals, strategies and actions (RGS Policy 6.2.6).

Once approved, the Regional Context Statement will be adopted as a Chapter in the Official Community Plan. On July 23, 2013, Council also passed a Resolution referring Bylaw No. 7002 – 2013 to the Metro Vancouver Regional Board for acceptance.

The Metro Vancouver Regional Board formally accepted the Maple Ridge Regional Context Statement on September 27, 2013. As a result Official Community Plan Amending Bylaw 7002-2013 can proceed through the bylaw approval process.

RECOMMENDATIONS:

1. That in accordance with Section 879 of the Local Government Act opportunity for early and on-going consultation has been provided by way of posting Official Community Plan Amending Bylaw No. 7002-2013 on the municipal website and Council considers it unnecessary to provide any further consultation opportunities, except by way of holding a Public Hearing on the bylaw;

2. That Maple Ridge Official Community Plan Amending Bylaw No. 7002-2013 be considered in conjunction with the Capital Expenditure Plan and Waste Management Plan; and
3. That it be confirmed that Maple Ridge Official Community Plan Amending Bylaw No. 7002-2013 is consistent with the Capital Expenditure Plan and Waste Management Plan.
4. That Maple Ridge Official Community Plan Amending Bylaw No.7002-2013 be given Second Reading and be forwarded to the November 19, 2013 Public Hearing

DISCUSSION

a) Background Context:

Council has been presented three reports since October 2012 (Oct. 15, 2012, March 18, 2013 and June 17, 2013) on the process for amending the current Regional Context Statement, the required consultation during the preparation or amendment to an Official Community Plan (Section 879 of the *Local Government Act*) and the draft Regional Context Statement. On July 23, 2013, Council gave First Reading to Official Community Plan Amending Bylaw No. 7002-2013.

The Metro Vancouver Regional Growth Strategy was adopted by the Greater Vancouver Regional District Board on July 29, 2011. The Regional Growth Strategy establishes five (5) policy goal areas that are aimed at integrating local land use plans, transportation services and infrastructure across the Region. Each of the 5 goals includes a number of policies that outline the various responsibilities for the Region, local municipality and other governments and agencies necessary to successfully implement the Plan.

Policy 6.2.6 of the Regional Growth Strategy identifies that the expectation of the Metro Vancouver Board is that the contents of an RCS are generally consistent with the RGS goals, strategies and actions and the parcel-based regional land use designations identified on Map 2 of the RGS. The Maple Ridge RCS included the following four Regional land use designation changes (Appendix B) as part of the RCS submission to the Metro Board:

1. Lands spanning the North Alouette River – to change from ‘Conservation and Recreation’ to ‘Agriculture’.
2. Lands north of 144 Ave. – to change from ‘Conservation and Recreation’ to ‘Rural’.
3. Site located north of 128th Ave. near Alouette Rd – to change from ‘Conservation and Recreation’ to ‘Rural’.
4. Kanaka Business Park – to change from ‘Industrial’ and ‘Conservation and Recreation’ to ‘Rural’ (Rural allows industrial as a permitted use).

b) Planning Analysis:

Official Community Plan Policy Implications:

Part 25, Section 866 of the *Local Government Act* requires that municipalities include regional context statements in their Official Community Plan and identify the relationship between the OCP and RGS and how the OCP will be made consistent with the RGS over time.

The updated Regional Context Statement includes a number of statements identifying studies that the District is currently undertaking, but that may have policy implications to the Official Community Plan. As each study is completed, Council will be made aware of the OCP policy implications and if any new or amended policies relate to the RGS. These 'work-toward' statements in the RCS meet the intent of the requirement to show how the OCP will be made consistent with the Regional Growth Strategy.

c) Interdepartmental Implications:

The updated Regional Context Statement includes a variety of 'work-toward' statements that reflect work that is currently underway, including the Transportation Plan and Housing Action Plan. Should these projects result in any Official Community Plan amendments, they would be discussed with Council in relation to their alignment with the policies contained within the Regional Growth Strategy.

d) Intergovernmental Issues:

Local Government Act:

An amendment to the Official Community Plan requires the local government to consult with any affected parties and to adopt related bylaws in compliance with the procedures outlined in Section 882 of the Act. It has been determined that no additional consultation beyond existing procedures is required, except referral to the Provincial Agriculture Land Commission.

Agricultural Land Commission

The Regional Context Statement was referred to the Agricultural Land Commission for comment following First Reading of Bylaw No. 7002-2013. Comments from Commission staff were received on July 24, 2013 with the following response:

"This is to acknowledge today's receipt of Maple Ridge's draft Regional Context Statement in accordance with Section 882(3)(c) of the Local Government Act. The Provincial Agricultural Land Commission will advise of any concerns under Section 46 of the Agricultural Land Commission Act or otherwise."

No additional comments have been received from the ALC.

e) Citizen/Customer Implications:

As directed by Council on March 18, 2013, the draft Maple Ridge Regional Context Statement and questionnaire was placed on the District's website for public input from June 18, 2013 through July 12, 2013.

No responses to the online questionnaire were received on the draft Regional Context Statement.

CONCLUSION:

The Metro Vancouver Regional Board formally accepted the Maple Ridge Regional Context Statement, including the four proposed Regional Land Use Designation changes at the September 23, 2013 meeting.

It is recommended that Second Reading be given to Maple Ridge Official Community Plan Amending Bylaw No.7002-2013 and be placed on the November 19, 2013 Public Hearing agenda.

1.4 Regional Context Statement

On July 29, 2011, The Metro Vancouver Board of Directors approved the Metro Vancouver 2040 Regional Growth Strategy Bylaw, pursuant to Section 863(1) of the *Local Government Act*.

Part 25 of the Local Government Act requires that an Official Community Plan must include a Regional Context Statement that is accepted in accordance with Section 866 of the Local Government Act by the Board of the Regional Government, in this case Metro Vancouver. The Regional Context Statement must identify the relationship between the municipal Official Community Plan and the Regional Growth Strategy and if applicable, how the OCP will be made consistent with the Regional Growth Strategy over time.

The Metro Vancouver 2040 Regional Growth Strategy is organized into five main goals:

- | | |
|---------|---|
| Goal 1: | Create a Compact Urban Area |
| Goal 2: | Support a Sustainable Economy |
| Goal 3: | Protect the Environment and Respond to Climate Change Impacts |
| Goal 4: | Develop Complete Communities |
| Goal 5: | Support Sustainable Transportation Choices |

The RGS also includes Regional Land Use Designations that are aimed at achieving the five goal areas of the Plan and include:

- General Urban
- Industrial
- Mixed Employment
- Rural
- Agricultural
- Conservation and Recreation

In addition a Regional Urban Containment Boundary has been established as a long-term area for urban development across the Region, within which nine urban centres have been identified, including the Maple Ridge Town Centre.

Official Community Plan – Studies Currently Underway (July 2013)

The District of Maple Ridge is currently undertaking a number of significant studies that are anticipated to result in policy amendments to the Official Community Plan (as of July 2013). These studies include:

- Commercial and Industrial Strategy – that will provide updated employment projections and policy recommendations that strengthen the employment base (commercial, industrial and other employment opportunities) within the District.
- Strategic Transportation Plan – that will provide long-term direction for transportation network development and improvements, and may include revisions to the Major Corridor Network (OCP Figure 4), as well as other policy-related recommendations.
- Environmental Management Strategy – that will strive to connect the existing policy basis contained within the Official Community Plan with environmental and watercourse development permit guidelines and other Official Community Plan policies.

- Housing Action Plan – as a requirement of the Regional Growth Strategy, that will follow Maple Ridge Council’s consideration of potential bylaw amendments (e.g. Zoning Bylaw, Parking Bylaw) related to Secondary Suites and Temporary Residential Uses.
- Albion Flats Area Plan- preparation of an area plan for the Albion Flats area of Maple Ridge, currently designated as a Special Study Area within the Regional Growth Strategy.
- Population and Dwelling Unit Projections – will be undertaken by the District to align with the Regional Growth Strategy projections prior to 2018.

Each of the above projects is expected to contain policy recommendations that will be evaluated by District staff and within the context of the Regional Growth Strategy. It is anticipated that these studies will contribute to Maple Ridge working toward consistency with the Regional Growth Strategy.

Goal 1: Create a Compact Urban Area

“Metro Vancouver’s growth is concentrated in compact communities with access to a range of housing choices, and close to employment, amenities and services. Compact transit-oriented development patterns help reduce greenhouse gas emissions and pollution, and support both the efficient use of land and an efficient transportation network.”

Strategy 1.1: Contain urban development within the Urban Containment Boundary

Strategy 1.1.3a)

Depict the Urban Containment Boundary

- Schedule “B” of the Official Community Plan (Bylaw 6425-2006) identifies the *Urban Area Boundary*. This boundary is generally consistent with the *Urban Containment Boundary* identified on the Maple Ridge Regional Context Statement - Regional Land Use Designations map.

Strategy 1.1.3b)

Provide municipal population, dwelling unit and employment projections

- The 2041 RGS includes estimated projections for the District of Maple Ridge that are intended to provide guidance to assist in regional and local planning. The estimated projections for Maple Ridge are:
 - Population = 132 000
 - Dwelling Units = 50 900
 - Employment = 48 000
- The District’s estimated projections are a guide for long-range planning purposes only and are the result of a comprehensive demographic analysis completed as part of the 2006 Official Community Plan update. The projections are generally consistent with the 2041 RGS as follows:
 - Population = 118,000*
 - Dwelling Units = 45,000*
 - Employment = 42 500**

*The population and dwelling unit projections are taken from the proposed updates to the RGS projections identified by Metro Vancouver that are reflective of the 2011 Census. The targets included are the low range for both population and dwelling units, as identified by Metro Vancouver

**Employment projections have been taken from The Commercial & Industrial Strategy: 2012 – 2041 prepared by G.P. Rollo & Associates, as received by Maple Ridge Council on November 26, 2012.

Strategy 1.2: Focus Growth in Urban Centres and Frequent Transit Development Areas

Strategy 1.2.6a)

Provide dwelling unit and employment projections that indicate the municipal share of planned growth and that contribute to achieving the regional share of growth for Urban Centres and Frequent Transit Development Areas

- Chapter 10.4 Town Centre Area Plan, Section 1.3 Assumptions and Targets identifies the population, density, housing and commercial projections for the Regional Town Centre to 2021 as follows:
 - Population = 21,750 (approximately 24% of the total population)
 - Density = 70 to 100 persons per hectare
 - Housing = 11,065 dwelling units (approximately 32.5% of total housing)
 - Commercial goal to create between 0.25 to 0.75 new jobs for every new dwelling unit in the Town Centre.
- The District of Maple Ridge will work toward undertaking a review of the population, density, housing and commercial goals within the Town Centre Area Plan boundaries, which forms the extent of the Regional City Centre. This review will be to better align the projections for the Regional City Centre with the overall population, dwelling units and employment projections for the entire District.
- The Regional Growth Strategy does not identify any Frequent Transit Development Areas in Maple Ridge. The Official Community Plan is consistent with the RGS.

1.2.6b)

Include policies for Urban Centres which:

i) Identify the general location, boundaries and types of Urban Centres on a map

- Schedule “B” of the Official Community Plan identifies the boundaries of the Town Centre Area Plan, which aligns with the location of the Regional Town Centre identified on *Map 2: Regional Land Use Designations* of the RGS.

ii) Focus growth and development in Urban Centres

Regional Growth Strategy Implementation Framework

6.2 Regional Context Statements: Providing for Appropriate Municipal Flexibility

6.2.7 A municipality may include language in its Regional Context Statement that permits amendments to the municipality's Official Community Plan to adjust the boundaries of regional land use designations (or their equivalent Official Community Plan designation) within the Urban Containment Boundary, provided that:

a) the municipality may re-designate land from one regional land use designation to another regional land use designation, only if the aggregate area of all proximate sites so re-designated does not exceed one hectare;

- The Maple Ridge Official Community Plan hereby permits such amendments.

b) notwithstanding section 6.2.7(a), for sites that are three hectares or less, the municipality may re-designate land:

- from Mixed Employment or Industrial to General Urban land use designation, if the site is located on the edge of an Industrial or Mixed Employment area and the developable portion of the site will be predominantly within 150 metres of an existing or approved rapid transit station on TransLink's Frequent Transit Network; or
- from Industrial to Mixed Employment land use designation if the developable portion of the site will be predominantly within 250 metres of an existing or approved rapid transit station on TransLink's Frequent Transit Network;

provided that:

- the re-designation does not impede direct rail, waterway, road or highway access for industrial uses; and
- the aggregate area of all proximate sites that area re-designated does not exceed three hectares;
- The Maple Ridge Official Community Plan hereby permits such amendments.

c) the aggregate area of land affected by all re-designations under section 6.2.7(a) and (b) together cannot exceed two percent of the municipality's total lands within each applicable regional land use designation.

- The Maple Ridge Official Community Plan hereby permits such amendments.

6.2.8 A municipality may include language in its Regional Context Statement that permits amendments to the municipality's Official Community Plan to adjust the boundaries of the municipality's Urban Centres and Frequent Transit Development Areas, provided such boundary adjustments meet the guidelines set out in Table 3 (Guidelines for Urban Centres and Frequent Transit Development Areas) of the Regional Growth Strategy.

- The Maple Ridge Official Community Plan hereby permits such amendments.

6.2.9 Municipalities will notify Metro Vancouver of all adjustments, as permitted by sections 6.2.7 and 6.2.8, as soon as practicable after the municipality has adopted its Official Community Plan amendment bylaw.

- The District of Maple Ridge will implement policy 6.2.9 of the Regional Growth Strategy.

6.2.10 If a municipality includes language in its Regional Context Statement that permits amendments to the municipality's Official Community Plan to adjust the boundaries of regional land use designations within the Urban Containment Boundary or the boundaries of Urban Centres and Frequent Transit Development Areas, as permitted by sections 6.2.7 and 6.2.8 respectively, the prescribe adjustments do not require an amendment to the municipality's Regional Context Statement. All other adjustments to regional land use designation boundaries will require an amendment to the municipality's Regional Context Statement, which must be submitted to the Metro Vancouver Board for acceptance in accordance with the requirements of the Local Government Act.

- The Maple Ridge Official Community Plan hereby permits such amendments.
