

# Downtown Enhancement Project

Lougheed Highway: 224 Street to 226 Street

Construction Update: September 28, 2018

*New curb and driveway ramp on the north side of Lougheed Highway, west of 225th Street.*

## Downtown Enhancement Project

Construction of the Downtown Enhancement Project, Lougheed Highway from 224 Street to 226 Street, is ongoing. See below for updates on what's upcoming in the next two weeks.

### Construction Schedule update

This update focuses on construction occurring on the north side of Lougheed Highway between 224 and 226 Street. Construction dates are approximate and may change due to factors such as weather or unforeseen ground conditions.

### What's planned for the next two weeks

#### Lougheed Highway (224th St to 225th St):

- Continue pouring the concrete sidewalk behind the new curb on the north side of Lougheed Highway
- Preparation and grading for the Lougheed Highway westbound lanes for upcoming paving

#### Lougheed Highway (225th St to 226th St):

- Installation of street light conduits behind the new curb on the north side of Lougheed Highway
- Installation of irrigation lines behind the new curb on the north side of Lougheed Highway
- Modifying curb fronting Dollarama
- Continue pouring concrete sidewalk behind the new curb on the north side of Lougheed Highway

As crews work on the sidewalk, pedestrians will be routed onto a protected area of the roadway. With a continued commitment to support, BA Blacktop will provide pedestrians access to businesses via wooden 'bridges', which will span any excavations or fresh concrete and are accessible by stroller and walker.

While the completion of this project will provide a solid foundation to create the community's vision of a safe, vibrant, livable Town Centre, it is possible there will be times during the construction period where some concerns may arise from time to time. Working together, it is our goal to do our best to minimize any inconveniences that occur, and we appreciate your patience as the contractor completes the work on this exciting project.

We will continue to provide you with regular updates regarding the project

### For More Information

Please visit [www.mapleridge.ca/1867/](http://www.mapleridge.ca/1867/) for regular updates on the progress of this project.

If you have any construction-related questions or concerns, please contact Shahrzad Honarmand, Project Manager, City of Maple Ridge, at 604-467-7349.
