

YOUTH STORY

MEET MELIKE

"One of my favourite memories from my time at the Greg Moore Youth Centre was the opportunity to go to Lake Lovely Water with the staff and youth. I've made so many connections with the staff and made lots of friendships. It was a great week that I'll never forget!

A new program/activity I'd like to see at the GMYC would be a hiking group. The idea in my head is every other weekend or even once a month there would be a new place where we would go for a hike.

Some advice for adults in Maple Ridge is to just remember that the youth and young people are the future of this community, and to support us - youth voices matter."
