Notes to the Consolidated Financial Statements For the year ended December 31, 2012

1. Cash and Investments

Cash and Temporary Investments:

Cash and temporary investments as at December 31, 2012 were comprised as follows:

	Dec 31, 2012		Dec 31, 2011
\$	15,782,589	\$	4,929,549
\$	88,157,769 103,940,358	\$	22,069,112 26,998,661
	\$ _ \$_	88.157.769	\$ 15,782,589 \$ <u>88,157,769</u>

Temporary investments are comprised of BC Credit Union term deposits and Canadian bank notes with effective interest rates of 1.8% - 2.45%. Additionally, the District holds temporary investments of **\$1,819,883** (\$1,652,394 for 2011) and agreements receivable of **\$449,909** (\$258,450 for 2011) for trusts which are not reported elsewhere in the financial statements. They are held for the following trusts:

Portfolio Investments

Portfolio investments include Canadian bank notes and BC Credit Union term deposits with effective interest rates of 2.25-2.63%. A portion of the bank notes held have interest payments linked to the performance of a set of equities or a financial index without stated or certain interest rates. For these investments, income is recognized as it is received; in 2012 returns were positive and ranged to 6.74%. Included in interest earnings are gains on the sale of investments before maturity. In 2012 gains totalled **\$936,534** (\$1,148,044 for 2011). The District does not hold any asset backed commercial paper or hedge funds.

The carrying value of securities is based on the cost method whereby the cost of the security is adjusted to reflect investment income that is accruing and any permanent decline in market value. During the term of individual investments there will be fluctuations in market values. Such fluctuations are considered normal, and if held to maturity, market value will be equal to face value.

The carrying value of Portfolio Investments at December 31, 2012 was **\$33,315,006** (\$90,812,593 for 2011). The market value at December 31, 2012 was **\$32,913,810** (\$90,362,851 for 2011).

3. Recoverable Local Improvements

The District provides interim financing for certain geographically localized capital projects. It recovers these amounts either from benefiting property owners or from provincial subsidies. Interest rates are established at the outset of the process and are a function of borrowing rates at the time. Repayment is typically made over fifteen years. As at December 31, 2012 the recoverable balance was comprised as follows:

	<u>2012</u>	<u>2011</u>
Recoverable from property owners	\$ 1,853,310	\$ 1,637,104

4. Pension Plan

The District and its employees contribute to the Municipal Pension Plan (the Plan), a jointly trusteed pension plan. The board of trustees, representing plan members and employers, is responsible for overseeing the management of the Plan, including investment of the assets and administration of benefits. The Plan is a multi-employer contributory pension plan. Basic pension benefits provided are based on a formula. The plan has about 176,000 active members and approximately 67,000 retired members. Active members include approximately 35,000 contributors from local governments.

The most recent acturial valuation as at December 31, 2009 indicated a \$1,024 million funding deficit for basic pension benefits. The next valuation will be as at December 31, 2012 with results available in 2013. Defined contribution plan accounting is applied to the Plan as the Plan exposes the participating entities to actuarial risks associated with the current and former employees of other entities, with the result that there is no consistent and reliable basis for allocating the obligation, Plan assets and cost to individual entities participating in the Plan.

The District paid **\$2,544,592** (2011 - \$2,360,765) for employer contributions to the Plan in fiscal 2012, while employees contributed **\$2,127,243** (2011 - \$1,946,622) to the plan in fiscal 2012.

6. Long Term Debt (Schedule 4)

The District obtains debt instruments through the Municipal Finance Authority (MFA), pursuant to security issuing bylaws under authority of the Community Charter, to finance certain capital expenditures. Debt is reported net of Sinking Fund balances and interest expense is reported net of Sinking Fund earnings.

The District carries no debt for others.

Debt issued and outstanding as at December 31, 2012 was **\$42,086,722** (\$38,505,484 for 2011). The following debenture debt amounts plus related interest are payable over the next five years:

<u>2013</u>	<u> 2014</u>	<u> 2015</u>	<u> 2016</u>	<u> 2017</u>
\$ 2,428,959	\$ 2,465,754	\$ 2,503,588	\$ 2,542,491	\$ 2,582,492

7. Other Assets

Debt Reserve Fund:

The Municipal Finance Authority of British Columbia provides capital financing for regional districts and their member municipalities. The Authority is required to establish a Debt Reserve Fund. Each regional district, through its member municipalities who share in the proceeds of a debt issue, is required to pay into the Debt Reserve Fund certain amounts set out in the debt agreements. The Authority pays into the Debt Reserve Fund these monies from which interest earned thereon less administrative expenses becomes an obligation to the regional districts. It must then use this fund, if at any time there are insufficient funds, to meet payments on its obligations. If this occurs, the regional districts may be called upon to restore the fund.

Upon the maturity of a debt issue the unused portion of the Debt Reserve Fund established for that issue will be discharged to the District. The District has estimated that there is only a remote possibility that these funds will not be paid to it and therefore these funds have been included in Other Assets of **\$684,971** (\$610,856 for 2011).

8. Employee Future Benefits

The District provides employee future benefits in the form of severance benefits and vested and non-vested sick leave to qualifying employees. These benefits are not separately funded.

Severance benefits are cash settlements paid to employees who cease their employment with the District after a specified period of time. Full time employees hired before February 11, 1999 qualify for five days pay per year of employment, provided they either work a minimum of 20 years with the District or retire as defined by the Public Sector Pension Plan Act. Full time employees hired after February 11, 1999 qualify for 20 days pay provided they work a minimum of 10 years with the District and retire as defined by the Public Sector Pension Plan Act.

The District permits full time employees to accumulate up to 18 days per year of service for future illnesses up to a maximum of 250 days. For certain qualifying employees a portion of this benefit vests; for the balance, this benefit does not vest and cannot be converted to any other type of benefit.

An actuarial valuation of these benefits was performed to determine the District's liability and accrued benefit obligation as at December 31, 2012. The valuation resulted in an unamortized actuarial gain of \$2,600 (\$700,900 loss for 2011) at December 31, 2012. Actuarial gains or losses are amortized over the expected average remaining service life of employees. The benefit liability at December 31, 2012 was \$4,745,500, (\$4,684,900 for 2011) comprised as follows:

		<u>2012</u>	<u>2011</u>
Benefit Lia	ibility - Beginning of the year	\$ 4,684,900	\$ 4,411,500
Add:	Current service costs	396,000	341,900
	Interest on accrued benefit obligation	187,500	213,400
Less:	Amortization of actuarial loss (gain)	69,600	44,500
	Benefits paid during the year	 (592,500)	(326,400)
Benefit Lia	ibility - End of the year	4,745,500	4,684,900
Less:	Unamortized actuarial loss (gain)	 (2,600)	 700,900
Accrued be	enefit obligation - End of the year	4,742,900	5,385,800

Actuarial assumptions used to determine the District's accrued benefit obligation are as follows:

	<u> 2012 </u>	<u>2011</u>
Discount rate (long-term borrowing rate)	3.30 %	3.40 %
Expected future inflation rate	2.50 %	2.50 %
Merit and inflationary wage and salary increases averaging	3.55 %	4.55 %
Estimated average remaining service life of employees (years)	10.2	10.3

9. Property Tax Levies

In addition to its own tax levies, the District is required to levy taxes on behalf of various other taxing authorities. These include the provincial government for local school taxes, incorporated dyking districts located within the District and, organizations providing regional services in which the District has become a member. Total tax levies for 2012 of **\$102,750,611**, (\$98,359,060 for 2011) were comprised as follows.

		<u>2012</u>	<u>2011</u>

10. Contingencies, Commitments and Unrecognized Liabilities:

(a) Third Party Claims

Where losses related to litigation are possible and can be reasonably estimated management accrues its best estimate of loss. For 2012 this estimate is **\$502,816** (\$458,860 for 2011). These amounts are included in accounts payable and accrued liabilities.

There are various other claims by and against the District, the outcome of which cannot be reasonably be estimated. Any ultimate settlements will be recorded in the year the settlements occur.

(b) Contractual Obligations

- (i) Water
 - (a) The District has entered into a cost share agreement with the Greater Vancouver Water District for the construction of infrastructure. Under this agreement the District expects to incur costs of approximately \$4,539,256 over the next 2 years. The liability is recorded as the related costs are incurred.

(ii) Recreation and Cultural Services

(a) In 1998 the District entered into an agreement to purchase ice sheet time for five years commencing in 1999, with a five-year renewal option. In August 2008, the District renewed the agreement for an additional five-year period. The minimum annual payment due for the provision of ice time is \$609,225. These payments are recorded as expenses when the ice time is provided.

(c) Unrecognized Liability

The District holds shares in a non-profit organization that provides protective services to its members. Should the organization dissolve or management choose to withdraw from the organization the District would be liable for a proportionate share of any debt the organization held at that time. The liability is expected to be discharged over time through payments by the District and others for the provision of these services by the organization. Due to the ongoing operations of the organization the liability could only be quantified if the District chose to withdraw. Consequently no liability has been recognized in these financial statements.

11. Restricted Revenues

Restricted revenues held by the District as at December 31, 2012 of **\$45,357,203**, (\$41,042,622 for 2011) were comprised as follows:

12. Prior Period Adjustments

In 2009, the District adopted the provisions of Section 3150 of the PSAB Handbook and recorded the District's tangible capital assets, net of related amortization, as non-financial assets. During 2012, additional information became available about the District's inventory of tangible capital assets and the financial statements have been retroactively adjusted. The change represents less than 1% of tangible capital assets.

The impact of these changes was to:

- Decrease opening accumulated surplus by \$5,243,111
- Decrease closing accumulated surplus by \$6,817,939 as follows:

In addition, roads and related infrastructure, underground networks and land contributed to the District totaled **\$16,709,523** (\$19,875,197 for 2011) and were capitalized at their fair value at the time of receipt.

Works of art, artifacts, cultural and historic assets are not recorded as assets in the financial statements. The District controls various works of art and historical treasures including artifacts, paintings, sculptures and mosaics located at District sites and public display areas.

14. Budget

Budget amounts represent the Financial Plan Bylaw adopted by Council on May 8, 2012. The Financial Plan anticipated use of suprluses accumulated in previous years to balance against current year expenditures in excess of current year revenues.

The following shows how these amounts were combined:
