

City of Maple Ridge COVID19 Facility Safety Plan – Fairgrounds Policies & Procedures

The City of Maple Ridge (CMR) has developed the following policies and procedures with the purpose of preventing the spread of COVID-19 and safely operating CMR facilities for use. These policies and procedures represent the standards that user groups must meet based on the information from the Provincial Health Officer (PHO), ViaSport, and BCRPA. The City of Maple Ridge will continue to take direction from the advice of the PHO and the Provincial Government.

In this plan “users” includes all persons associated with the booking. This could include volunteers, staff, coaches, instructors, participants, spectators and/or parents.

PHYSICAL DISTANCING

- Physical distancing must be maintained at all times.

GATHERINGS

- The combined number of all users must not exceed the site capacity or current BC public health restrictions on gatherings.

FACILITY CAPACITY

Before entering into a CMR facility, and throughout the activity, users should self-monitor for symptoms associated with COVID-19 by using the BC Health COVID-19 Symptom Self-Assessment Tool located here: <https://bc.thrive.health/> and answer the prompted questions, which include:

1. Are you experiencing symptoms consistent with COVID-19 (refer to the link above for the most up to date list of symptoms)?
2. In the past fourteen (14) days have you been outside of Canada or BC?
3. In the past fourteen (14) days have you been in close contact with anyone who is symptomatic or has been diagnosed with COVID-19?

If users answer 'yes' to any of the above questions, they must stay home or leave the facility immediately.

- Users will be responsible for the availability of hand sanitizer and encourage good hygiene amongst its participants.
