

City of Maple Ridge COVID19 Facility Safety Plan – Greg Moore Youth Centre Policies & Procedures

The City of Maple Ridge (CMR) has developed the following policies and procedures with the purpose of preventing the spread of COVID-19 and safely operating CMR facilities for use. These policies and procedures represent the standards that user groups must meet based on the information from the Provincial Health Officer (PHO) and the British Columbia Recreation and Parks Association (BCRPA). The City of Maple Ridge will continue to take direction from the advice of the PHO and the Provincial Government.

In this plan “users” includes all persons associated with the booking.

- All users must maintain a minimum physical distance of 6 feet / 2 metres from each other. This distance must be maintained at all times.
- Activities that cannot maintain this distancing are not permitted.

GATHERINGS

- The combined number of all users must not exceed 50 or the facility capacity.
- A 1 hour buffer will be booked between rentals to limit crossover between groups.
