PARK DEVELOPMENT

Community Engagement October 2020

This proposed neighbourhood park is approximately 0.82 hectares (2.0 acres). The existing site is characterized by a gently sloping open grassed area. A local road (241A St.) has been installed along the west edge of the future park.

The City proposes to develop this site into a neighbourhood park and is seeking input from the community on desired amenities and features.

Due to Covid-19 we are encouraging residents to review the information panels and submit an online comment form to leave feedback regarding this project.
