### TEMPORARY SCHEDULE | June 29 - July 3, 2022

**UPDATED: JUNE 30**

During the last week of June, the Maple Ridge Leisure Centre (MRLC)'s aquatic facility was closed when tiny, metal wires were discovered in multiple pools. An investigation determined the source of the metal debris was residue from cables connected to the decommissioned overhead speaker system on the structural beams above the pool decks. The MRLC's aquatic facility will reopen to the public on Monday, July 18 after a two-week shutdown to drain all of the pools, clean all of the overhead struts, do a full magnetic sweep of the pool tanks and to refill and chemically balance the water. **Hammond Outdoor Pool remains open with a temporary schedule (see schedule on the right).**

A two-week shut down of the pool will allow the maintenance team the ability to drain all of the pools, clean all of the overhead struts, do a full magnetic sweep of the pool tanks and refill and chemically balance the water for customers to return on July 18.

Recognizing the impact on pool users and our swim clubs, the regularly scheduled four-week maintenance shutdown in August and September has been cancelled and all other planned maintenance will be done during this emergency two-week shutdown.

Updates on the current issues at the Maple Ridge Leisure Centre aquatic facility will be provided on the City's Facebook Page ([facebook.com/yourmapleridge](https://www.facebook.com/yourmapleridge)) and posted to the indoor pool page ([mapleridge.ca/1452](https://www.mapleridge.ca/1452)).
