

# LIONS PARK PLAYGROUND REPLACEMENT

## PROJECT LOCATION

12100 Laity Street, Maple Ridge

## OCTOBER 2021 - PUBLIC COMMENT PERIOD

The Maple Ridge Parks, Recreation & Culture department proposed to replace the portion of the playground designed for the 5-12 age range. We invited your feedback via an online comment form from October 15 to November 5, 2021.

## NOVEMBER 2021 - WHAT WE HEARD

As part of our community consultation process, we invited community feedback about what play features were desirable. We received nearly 80 survey submissions.

The top play features chosen by survey participants were:

- Rock Wall Climber
- Net Climber
- Rope Bridge Link
- Parent Tot (Face-to-Face) Swing
- Baby/Toddler Swing

A request for proposal process was undertaken to determine a playground equipment supplier as well as construction timeline.

## MAY 2022 – CONSTRUCTION

The procurement process was completed and a playground equipment supplier was selected. Construction for this playground took place Summer 2022.

## AUGUST 2022 – PLAYGROUND CONSTRUCTION COMPLETED

Construction on the new playground at Thornhill Park is now complete! Neighbourhood residents can now enjoy the nature themed playhouse, balancing logs and wall climbing feature as was requested through the neighbourhood engagement process. A slide, balance beam and stand up barrel spinner are also part of the playground, the swing set was moved and includes one belt and one toddler seat. The nature themed colours of this playground fit well in the surrounding treed area.

Check it out when you are in the neighbourhood at 26007 98 Ave.
