

HOW TO ORDER A 10 key KNOX LOCK BOX = MAPLE RIDGE

Small box for up to ten keys

<http://www.knoxbox.com/store/Knox-Box-3200-Series.cfm>

Click on the products tab. Then click on Knox-Box 3200 series

KNOX-BOX® 3200 Series

Holds up to 10 Keys

The number one high-security KNOX-BOX® is used for most commercial applications including businesses, schools, government and public buildings, community associations and apartment complexes. The 3200 Series KNOX-BOX holds keys, access cards and other small items necessary for emergency access.

What is a tamper switch? Tamper switches allow you to connect the KNOX-BOX to a building's alarm system, adding further security.

All Knox-Box 3200 Series units are fully tested and listed by Underwriters Laboratories as anti-theft devices. Alarm tamper switches are UL listed as Central Station Alarm Units. UL Electrical Range: Max Voltage of 24 VDC at 50 mA.

- UL 437 Standard for Safety for Key Locks (keyway)
- UL 1037 Antitheft Alarms and Devices (entire unit)
- UL 1610 Central Station Alarm Units (units with tamper switch)
- UL 1332 Organic Coatings for Steel Enclosures for Outdoor Use Electrical Equipment (Knox-Coat®)

Note: It is recommended for new concrete or masonry construction, that you purchase a recessed Knox-Vault with a Recessed Mounting Kit (RMK).

TO ORDER: FIND YOUR DEPARTMENT FIRST

In order to proceed with purchase of Knox products in this category for select jurisdictions, please enter the product installation zip code OR partial department name here:

Installation ZIP/Postal code:

OR

Department Name or City:

State/Province (Optional):
